**What is Title I?** Title I is a federal support program that helps socioeconomically challenged neighborhoods receive top quality education. Title I requires community involvement because we know it's crucial to have a working partnership for our students to succeed.

As a Title I school we work with parents and guardians to understand the school system. We share information about state education standards, the materials and programs we use to teach to these standards, and the tests we use to show how students are progressing. We inform you about your child's academic progress throughout the year.

We also work with parents and guardians to enhance support for their children's academic success at home. We offer materials and ideas that parents and guardians might use. As parents and guardians you have the right to request specifics about the qualifications of your child's teachers. If your child's teacher is not considered Highly Qualified, we will notify you.

Parents are involved in making school decisions, writing school plans, and assessing the effectiveness of school programs. Our school has a variety of formal ways to develop the home/school partnership such as Back to School Night, Family Nights, Student-Educator-Parent (SEP) Conferences, School Community Council (SCC), Parent Teacher Association (PTA), and parent volunteers, school newsletters, and more. Please know that we also value the informal yet important ways we work together through phone calls, emails, and visiting before and after school. We look forward to working with you this year!
