**Congratulations, Yaneth Chavez!** This intrepid volunteer just won the give-away for **2 free round-trip tickets on Jet Blue!** The more hours you volunteer, the more chances you have to win the next drawing for free airfare, so get in here and help out!

**Santa Pictures Friday 11:30a – 2p** The Parent Volunteers

and PTA are pleased to have Santa back for photos. Photos are \$3. If you want a digital copy emailed to you, it's an extra \$1! Photos will be printed in 5x7 inch, and will be returned to you before the winter break.

**4<sup>th</sup> - 6<sup>th</sup> grades start your Science Fair Project** Read these rules before you start so you don't get disqualified. **DO NOT EXPERIMENT UNTIL YOU REGISTER AND GET APPROVAL.** Gather your materials and get ready, but don't begin until you know it's approved.

1. Make a Science Fair Journal. Use a composition notebook with pages that don't tear out. Write in pen. Make a detailed Table of Contents on the first two pages. Number your pages.
2. Do research. Read from more than 3 different sources (books, web/magazine articles, encyclopedia, etc.). Site your sources using bibliography format.
3. Mold, bacteria, and other pathogens cannot be grown at home! If you want to work with them, talk to Mrs. Lane.
4. No demonstrations (e.g. a volcano).

Register by January 15, turn in projects by January 28.  
Family Science Night is January 29, judging is January 30.  
Contact Mrs. Lane at [kim.lane@slcschools.org](mailto:kim.lane@slcschools.org).

**Keep your red and green ribbons** all year to earn a great year-end prize!

12/01/2014
