Be clean for school Students of all grades have been coming to school without following proper hygiene procedures. If your student comes to school unbathed or in unclean clothing it disrupts learning atmosphere. Parents must resolve this issue at home. Please help students maintain clean and healthy habits.

Random Acts of Kindness does not end today

Kindness is magical. We hope you engage in the magical type of RAK. Yes, picking up a pencil for a friend who dropped it is nice, but magical RAK means something more. Do you know a student who is having trouble making friends, understanding math, or who is just

feeling sad? These are the kids who need you. Can you think of a magical way to make their lives better? Stretch your thinking and search your heart. Try to go beyond the usual, casual kindness. Find a way to make your RAK magical. For certain, someone will notice. You can inspire others with your actions. Through the rest of the school year, keep your minds open, be generous with your kind-heartedness. At the end of the year, see how you feel. Is the world a better place? If it is, it's because of you.
