“Click”

**APPLY FOR  
AFTERSCHOOL**

We realize that parents have many questions right now. As we consider the current pandemic and the possibility of changing school schedules, we want you to know that After-School Program classes may be held at a school, online, or a combination of both. We will work closely with district leadership and health officials to ensure that our programs prioritize the health and safety of our students, families, and employees. We will reach out to our students and families with more details as we get closer to the beginning of school.

Please contact our office at 801-578-8275 with any questions.
